## WORK EXPERIENCE

### Summer Internee – JULY 2016 – AUGUST 2016

#### Bridge Robotics – Lisbon

[bridgerobotics.com](http://bridgerobotics.com)

Worked in frontend development, object-oriented programming in python and javascript, websockets and messaging platforms like RabbitMQ and crossbar.io to test and extend the Bridge Robotics framework.

### Frontend Software Developer – September 2016 – September 2017

#### opprDev – Lisbon

[oppr.io](http://oppr.io)

Oppr is a student created organization whose goal is to find paid work and to share the workload with other like minded students. With opprDev I further developed my frontend programming skills.

### Consultant on Computer Engineering – December 2017 – Present

#### AKKA Technologies – Toulouse & Lyon, France

[akka-technologies.com](http://akka-technologies.com)

For the past two years I've had the pleasure to work as a consultant with *AKKA Technologies*. I've worked under a variety of projects for multiple clients, and have worked with a veritable buffet of different technologies.

By all means consult my personal website or get in contact to discuss the various projects and clients I've had the pleasure to work with.
